

Going back to our origin

The canonical visit in Kenya and Uganda region has officially ended on the 29th October with the eucharistic celebration in Tuthu, the cradle of our missionary work in our institute. 22 missionaries from Sagana zone gathered at Tuthu celebrating the feast of our lovely blessed Irene Stefani and thanking God for our missionary vocation and good work of evangelization and human promotion done by our brothers and sisters now for almost 120 years. Wonderful! May God continue to bless us all. Coraggio e avanti nel Signore!
